

Wellbeing Waterloo Region Working Groups

Last update: February 5, 2019

Connectors Hub

The Connectors Hub provides oversight and ensures integration for the overall directions of the collective work of Wellbeing Waterloo Region. The WWR Connectors hub will adhere to the WWR principles and identify and harness opportunities for synergy across the three big idea areas as well as other wellbeing issues as they arise. It is the hub of all the components of the enabling structure.

Communications and Engagement Working Group

Creates the opportunities and actions to intentionally engage diverse community members and the wellbeing eco-system partners to focus on strengthening individual, organization and network connections. Provides guidance and advice to ensure that people with a lived voice participate in WWR. Develops strategies and implements actions to ensure that the diversity of our community is reflected in the involvement of WWR. Also helps to engage and rally the general public in the wellbeing work.
